Team Charter — Group 13

1. Team Purpose and Objectives

- Our team's mission is to deliver exceptional products and programs.
- By the end of this project, we aim to gain valuable experience, make an impact, and grow as software engineers.

2. Values and Standards

- Aura
- Code Quality
- Collaboration
- Consistency
- Clear Communication
- Vibes

3. Roles and Responsibilities

Role	Member	Responsibilities
Team Lead	Shazi Bidarian	Coordinate meetings, track overall progress, Contribute to project and team needs
Team Lead	[Name]	[Specific area of ownership]
Developer	Jeremy Lim	[Specific area of ownership]
Developer	Andrew Lopez	Planning and Coding
Developer	Aaron Thung	Coding and Miscellaneous tasks
Developer	Stephanie Yan	Coding and Designing
Developer	Jeong MIn Park	Planning and Probelm-thinking
Developer	[Name]	[Specific area of ownership]
Developer	[Name]	[Specific area of ownership]
Developer	[Name]	[Specific area of ownership]
Developer	[Name]	[Specific area of ownership]

Roles may rotate or flex based on workload and availability.

4. Strengths and Weaknesses

- Each member should identify at least one strength they bring and one area they'd like to improve.
- The team will support growth by pairing experienced members with those learning new skills.

Member	Strengths	Areas for Growth
Shazi Bidarian	Collaboration, Communication	Debugging code not written by me
Jeremy Lim	Coding Logic, Debugging	Communication
Andrew Lopez	Coding Logic, Debugging, Communication	Debugging code not written by me
Aaron Thung	Learning, Communication	Testing, Logistics
Stephanie Yan	Communication, Debugging	Debugging code not written by me
Jeong Min Park	Planning	Communications

5. Communication - update after when2meet completed

- **Primary channel:** Slack.
- **Response time expectation:** Members should respond within 24 hours on weekdays.
- **Meetings:** Scheduled on average one week in advance based on availability.
- **Stand-ups:** async updates few times a week on progress and check ins.
- Meeting notes will be posted to slack within 3 hours after each meeting.

6. Scheduling and Availability

- Members will share their weekly availability on when2meet.
- If a member cannot attend a meeting, they must notify the team at least 2 hours in advance.

7. Conflict Resolution

1. **Direct conversation:** Address the issue privately with the person involved.
2. **Team discussion:** If unresolved, bring it to the group during a meeting.
3. **Escalation:** If still unresolved, involve the TA or instructor.

- All conflicts should be handled respectfully and without personal attacks.

8. Rules and Accountability

- All members are expected to complete assigned tasks by the agreed-upon deadlines.
- All members are expected to take notes and update slack when completing a work session, updating the team consistently on progress.
- If a member is consistently not meeting expectations, the team will:

    1. Have a one-on-one conversation to understand the situation.
    2. Reassign work if needed and document the discussion.
    3. Escalate to the TA if the issue persists.
- Code must be reviewed by at least one other member (often by team leader) before merging.

9. How We Measure Success

- Tasks completed on time.
- Consistent and clear communication with team
- Quality of deliverables (minimal bugs, meets requirements).
- Equal and fair contribution from all members.
- Positive team morale and communication.

10. Signatures

By signing below, each member agrees to uphold this charter.
